

## Map Group 7: Index to Land Patents

## Township 16-South Range 9-West (5th PM)

After you locate an individual in this Index, take note of the Section and Section Part then proceed to the Land Patent map on the pages immediately following. You should have no difficulty locating the corresponding parcel of land.

The "For More Info" Column will lead you to more information about the underlying Patents. See the *Legend* at right, and the "How to Use this Book" chapter, for more information.

## LEGEND

"For More Info . . . ." column

- A = Authority (Legislative Act, See Appendix "A")  
 B = Block or Lot (location in Section unknown)  
 C = Cancelled Patent  
 F = Fractional Section  
 G = Group (Multi-Patentee Patent, see Appendix "C")  
 V = Overlaps another Parcel  
 R = Re-Issued (Parcel patented more than once)

(A & G items require you to look in the Appendixes referred to above. All other Letter-designations followed by a number require you to locate line-items in this index that possess the ID number found after the letter).

## Helpful Hints

1. This Map's INDEX can be found on the preceding pages.
2. Refer to Map "C" to see where this Township lies within Ashley County, Arkansas.
3. Numbers within square brackets [ ] denote a multi-patentee land parcel (multi-owner). Refer to Appendix "C" for a full list of members in this group.
4. Areas that look to be crowded with Patentees usually indicate multiple sales of the same parcel (Re-issues) or Overlapping parcels. See this Township's Index for an explanation of these and other circumstances that might explain "odd" groupings of Patentees on this map.

### Helpful Hints

1. This road map has a number of uses, but primarily it is to help you: a) find the present location of land owned by your ancestors (at least the general area), b) find cemeteries and city-centers, and c) estimate the route/roads used by Census-takers & tax-assessors.
2. If you plan to travel to Ashley County to locate cemeteries or land parcels, please pick up a modern travel map for the area before you do. Mapping old land parcels on modern maps is not as exact a science as you might think. Just the slightest variations in public land survey coordinates, estimates of parcel boundaries, or road-map deviations can greatly alter a map's representation of how a road either does or doesn't cross a particular parcel of land.

Zion Cemetery

### Helpful Hints

1. This Map takes a different look at the same Congressional Township displayed in the preceding two maps. It presents features that can help you better envision the historical development of the area: a) Water-bodies (lakes & ponds), b) Water-courses (rivers, streams, etc.), c) Railroads, d) City/town center-points (where they were oftentimes located when first settled), and e) Cemeteries.
2. Using this "Historical" map in tandem with this Township's Patent Map and Road Map, may lead you to some interesting discoveries. You will often find roads, towns, cemeteries, and waterways are named after nearby landowners: sometimes those names will be the ones you are researching. See how many of these research gems you can find here in Ashley County.

## Map Group 9: Index to Land Patents

## Township 16-South Range 7-West (5th PM)

After you locate an individual in this Index, take note of the Section and Section Part then proceed to the Land Patent map on the pages immediately following. You should have no difficulty locating the corresponding parcel of land.

The "For More Info" Column will lead you to more information about the underlying Patents. See the *Legend* at right, and the "How to Use this Book" chapter, for more information.

## LEGEND

## "For More Info . . ." column

- A = Authority (Legislative Act, See Appendix "A")  
 B = Block or Lot (location in Section unknown)  
 C = Cancelled Patent  
 F = Fractional Section  
 G = Group (Multi-Patentee Patent, see Appendix "C")  
 V = Overlaps another Parcel  
 R = Re-Issued (Parcel patented more than once)

(A & G items require you to look in the Appendixes referred to above. All other Letter-designations followed by a number require you to locate line-items in this index that possess the ID number found after the letter).

## Helpful Hints

1. This Map's INDEX can be found on the preceding pages.
2. Refer to Map "C" to see where this Township lies within Ashley County, Arkansas.
3. Numbers within square brackets [ ] denote a multi-patentee land parcel (multi-owner). Refer to Appendix "C" for a full list of members in this group.
4. Areas that look to be crowded with Patentees usually indicate multiple sales of the same parcel (Re-issues) or Overlapping parcels. See this Township's Index for an explanation of these and other circumstances that might explain "odd" groupings of Patentees on this map.

Map Group 9

## Cities & Towns

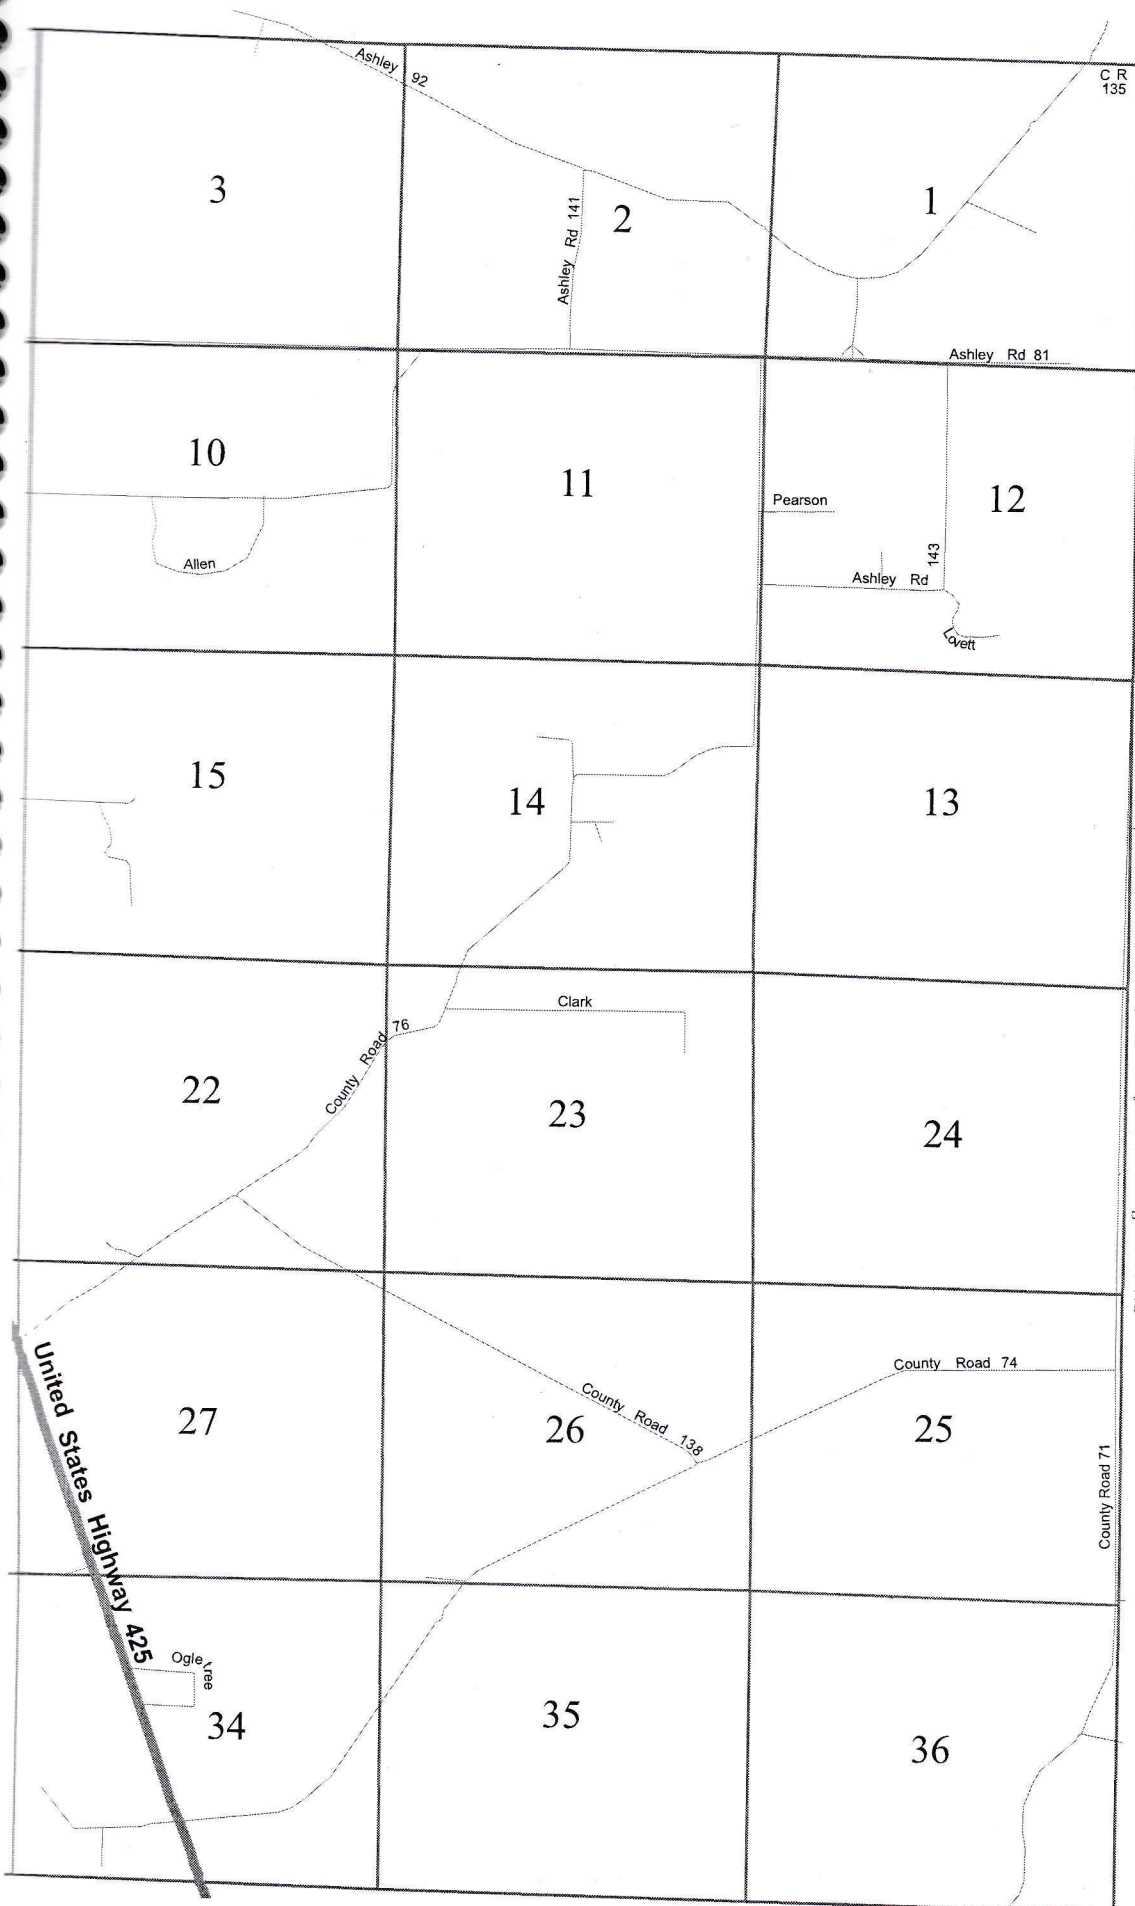

None

## Cemeteries

Judson Cemetery

### Helpful Hints

1. This road map has a number of uses, but primarily it is to help you: a) find the present location of land owned by your ancestors (at least the general area), b) find cemeteries and city-centers, and c) estimate the route/roads used by Census-takers & tax-assessors.
2. If you plan to travel to Ashley County to locate cemeteries or land parcels, please pick up a modern travel map for the area before you do. Mapping old land parcels on modern maps is not as exact a science as you might think. Just the slightest variations in public land survey coordinates, estimates of parcel boundaries, or road-map deviations can greatly alter a map's representation of how a road either does or doesn't cross a particular parcel of land.

### Helpful Hints

1. This Map takes a different look at the same Congressional Township displayed in the preceding two maps. It presents features that can help you better envision the historical development of the area: a) Water-bodies (lakes & ponds), b) Water-courses (rivers, streams, etc.), c) Railroads, d) City/town center-points (where they were oftentimes located when first settled), and e) Cemeteries.
2. Using this "Historical" map in tandem with this Township's Patent Map and Road Map, may lead you to some interesting discoveries. You will often find roads, towns, cemeteries, and waterways are named after nearby landowners: sometimes those names will be the ones you are researching. See how many of these research gems you can find here in Ashley County.

## Map Group 10: Index to Land Patents

## Township 16-South Range 6-West (5th PM)

After you locate an individual in this Index, take note of the Section and Section Part then proceed to the Land Patent map on the pages immediately following. You should have no difficulty locating the corresponding parcel of land.

The "For More Info" Column will lead you to more information about the underlying Patents. See the *Legend* at right, and the "How to Use this Book" chapter, for more information.

## LEGEND

"For More Info . . . " column

- A = Authority (Legislative Act, See Appendix "A")  
 B = Block or Lot (location in Section unknown)  
 C = Cancelled Patent  
 F = Fractional Section  
 G = Group (Multi-Patentee Patent, see Appendix "C")  
 V = Overlaps another Parcel  
 R = Re-Issued (Parcel patented more than once)

(A & G items require you to look in the Appendixes referred to above. All other Letter-designations followed by a number require you to locate line-items in this index that possess the ID number found after the letter).

## Helpful Hints

1. This Map's INDEX can be found on the preceding pages.
2. Refer to Map "C" to see where this Township lies within Ashley County, Arkansas.
3. Numbers within square brackets [ ] denote a multi-patentee land parcel (multi-owner). Refer to Appendix "C" for a full list of members in this group.
4. Areas that look to be crowded with Patentees usually indicate multiple sales of the same parcel (Re-issues) or Overlapping parcels. See this Township's Index for an explanation of these and other circumstances that might explain "odd" groupings of Patentees on this map.

### Helpful Hints

1. This road map has a number of uses, but primarily it is to help you: a) find the present location of land owned by your ancestors (at least the general area), b) find cemeteries and city-centers, and c) estimate the route/roads used by Census-takers & tax-assessors.
2. If you plan to travel to Ashley County to locate cemeteries or land parcels, please pick up a modern travel map for the area before you do. Mapping old land parcels on modern maps is not as exact a science as you might think. Just the slightest variations in public land survey coordinates, estimates of parcel boundaries, or road-map deviations can greatly alter a map's representation of how a road either does or doesn't cross a particular parcel of land.

### Helpful Hints

1. This Map takes a different look at the same Congressional Township displayed in the preceding two maps. It presents features that can help you better envision the historical development of the area: a) Water-bodies (lakes & ponds), b) Water-courses (rivers, streams, etc.), c) Railroads, d) City/town center-points (where they were oftentimes located when first settled), and e) Cemeteries.
2. Using this "Historical" map in tandem with this Township's Patent Map and Road Map, may lead you to some interesting discoveries. You will often find roads, towns, cemeteries, and waterways are named after nearby landowners: sometimes those names will be the ones you are researching. See how many of these research gems you can find here in Ashley County.

## Map Group 11: Index to Land Patents

## Township 16-South Range 5-West (5th PM)

After you locate an individual in this Index, take note of the Section and Section Part then proceed to the Land Patent map on the pages immediately following. You should have no difficulty locating the corresponding parcel of land.

The "For More Info" Column will lead you to more information about the underlying Patents. See the *Legend* at right, and the "How to Use this Book" chapter, for more information.

## LEGEND

## "For More Info . . ." column

- A = Authority (Legislative Act, See Appendix "A")  
 B = Block or Lot (location in Section unknown)  
 C = Cancelled Patent  
 F = Fractional Section  
 G = Group (Multi-Patentee Patent, see Appendix "C")  
 V = Overlaps another Parcel  
 R = Re-Issued (Parcel patented more than once)

(A & G items require you to look in the Appendixes referred to above. All other Letter-designations followed by a number require you to locate line-items in this index that possess the ID number found after the letter).

### Helpful Hints

1. This Map's INDEX can be found on the preceding pages.
2. Refer to Map "C" to see where this Township lies within Ashley County, Arkansas.
3. Numbers within square brackets [ ] denote a multi-patentee land parcel (multi-owner). Refer to Appendix "C" for a full list of members in this group.
4. Areas that look to be crowded with Patentees usually indicate multiple sales of the same parcel (Re-issues) or Overlapping parcels. See this Township's Index for an explanation of these and other circumstances that might explain "odd" groupings of Patentees on this map.

### Helpful Hints

1. This road map has a number of uses, but primarily it is to help you: a) find the present location of land owned by your ancestors (at least the general area), b) find cemeteries and city-centers, and c) estimate the route/roads used by Census-takers & tax-assessors.
2. If you plan to travel to Ashley County to locate cemeteries or land parcels, please pick up a modern travel map for the area before you do. Mapping old land parcels on modern maps is not as exact a science as you might think. Just the slightest variations in public land survey coordinates, estimates of parcel boundaries, or road-map deviations can greatly alter a map's representation of how a road either does or doesn't cross a particular parcel of land.

### Helpful Hints

1. This Map takes a different look at the same Congressional Township displayed in the preceding two maps. It presents features that can help you better envision the historical development of the area: a) Water-bodies (lakes & ponds), b) Water-courses (rivers, streams, etc.), c) Railroads, d) City/town center-points (where they were oftentimes located when first settled), and e) Cemeteries.
2. Using this "Historical" map in tandem with this Township's Patent Map and Road Map, may lead you to some interesting discoveries. You will often find roads, towns, cemeteries, and waterways are named after nearby landowners: sometimes those names will be the ones you are researching. See how many of these research gems you can find here in Ashley County.

## Map Group 12: Index to Land Patents

## Township 16-South Range 4-West (5th PM)

After you locate an individual in this Index, take note of the Section and Section Part then proceed to the Land Patent map on the pages immediately following. You should have no difficulty locating the corresponding parcel of land.

The "For More Info" Column will lead you to more information about the underlying Patents. See the *Legend* at right, and the "How to Use this Book" chapter, for more information.

## LEGEND

"For More Info . . ." column

- A = Authority (Legislative Act, See Appendix "A")
- B = Block or Lot (location in Section unknown)
- C = Cancelled Patent
- F = Fractional Section
- G = Group (Multi-Patentee Patent, see Appendix "C")
- V = Overlaps another Parcel
- R = Re-Issued (Parcel patented more than once)

(A & G items require you to look in the Appendixes referred to above. All other Letter-designations followed by a number require you to locate line-items in this index that possess the ID number found after the letter).
